Perhaps just standing around and waiting will speed the ball through the net so the Canyon Eagles, in white, and the Perryton Rangers can get on with their Thursday night district basketball game. The Eagles beat the Rangers by 70-62 in the key game.

Spradlin won't comment on drug enforcement

Neither Dist. Atty. Randy Sherrod nor Amarillo Police Chief Lee Spradlin had comment this week on a letter Spradlin authored threatening to halt enforcement of narcotics laws in Randall County.

But, the letter is expected to deal with what has emerged as an on-going conflict between the two officials concerning the handling of several narcotics-related cases which have been presented to two county grand juries.

The grand jury is to meet in special session at 9 a.m. today in Canyon to review indictments returned last week on several narcotics cases, and Sherrod has said he expects the grand jury to issue a written report or statement following deliberation.

Sherrod said last week the jury is considering narcotics cases the prosecution of which constitutes a difference of opinion between him and Spradlin.

The conflict of opinion emerges in the letter acquired this week by area news media and The News, a letter to Sherrod from Spradlin dated Jan. 12.

Apparently, from the jist of the letter, the difference of opinion involves the veracity of testimony of a narcotics officer and defendant.

Spradlin said Tuesday he is not aware of whether he is to appear before the grand jury today.

Spradlin and several other law enforcement officials, including Sheriff Cliff Longest and Jimmy Davis, head of the Metro Intelligence Unit, appeared before the grand jury during a two-day session last week.

The letter reads in full:

"You must realize that the morale of the Amarillo Police Department is my responsibility. I have a duty to each individual officer to defend him when he is right and to discipline or correct him when he is in error.

"I am aware of the allegation that (the officer) made some remarks in your office that were overheard, which would indicate that the officer might have a personal vendetta against a defendant. I remind you that this was a considerable length of time after the transaction between the officer and the defendant and that the transaction was recorded on the date of occurrence. I believe that you are aware of the fact that the defendant was told by a relative of the officer, that (the officer) was a narcotics officer and that the defendant spread the word, placing the officer's life in danger. I might be less than friendly toward a defendant who had placed my life in danger.

"(The officer) voluntarily submitted to a polygraph examination in this case. Detective Stevens, a very capable polygraph operator, conducted the test. Lt. Jimmy Davis monitored the test and I, personally, reviewed the charts. The test did not indicate any deception and I am completely satisfied with the results.

"Randall County Deputy Sheriff Strickland administered a polygraph test to the defendant in this case and it was erroneously reported to the Grand Jury that the defendant passed the test. I have discussed this test with Deputy Strickland and he assures me that the defendant did not pass the test.

"I have no reason to believe that (the officer) has been dishonest in any of the cases he has filed in Randall or Potter County. I do not have any evidence or probable cause to prompt me to doubt his cases. I do not intend to require or request that (the officer) submit to additional polygraph examinations by any agency unless evidence is presented that he is dishonest.

"I request that Detective Stevens, Lt. Davis, Deputy

Bond backers plan town meets

With just five days to go before the 8874 voters in the Canyon School District have the chance to go to the polls to consider a $5.5 million bond issue, backers of the bond proposal are pushing their campaign into full gear.

Absentee balloting for the election ends at 5 p.m. Friday in the office of Tax Collector Conway Kuykendall, and the election will be held Tuesday at Gene Howe Elementary School and the Canyon Community Center.

Two town-hall type meetings are scheduled tonight, one in Canyon and one at Gene Howe school, to air opinions of the bond proposal and for questions and answers.

In addition, pro forces are expected to begin a telephone and house-to-house campaign this weekend to get voters to go to the polls for the election, the second attempt by the Canyon School Board to generate support for construction of new schools in the district.

Mrs. Mary Jo Smith, who is helping head the backers campaign in the north part of the district, said tonight's meeting at Gene Howe school will begin at 7:30 p.m. in the cafeteria. A panel discussion featuring school board members and other interested citizens will be held.

John Reeves, co-chairman of the Citizens Committee for Quality Education, said a similar meeting will be held at 7:30 p.m. today at Canyon Junior High School. The session will be primarily for questions and answers, he said.

Gene Howe area backers have been working to register voters and prepare press releases and other data concerning the proposal on the Tuesday ballot since the Dec. 9 bond election failed to pass voter approval by a 300-vote margin.

The Gene Howe workers registered an additional 350 voters who will be eligible to cast ballots in the Tuesday election. A total of 498 voters have been added to the registration lists for the election.

Mrs. Smith said the Gene Howe backers will use personal contact in their effort to encourage registered voters to go to the polls on Tuesday. She said they will concentrate their efforts in the Gene Howe and rural areas of the district.

Reeves said he will concentrate his efforts on a telephone campaign directed at registered voters who did not cast ballots in the last bond election.

In addition, the group is planning radio and television spot advertising urging passage of the bond issue over Amarillo media this weekend and early next week.

The issue on the Tuesday ballot will be a school board proposal

17-year-olds lead drug offense list

Youngsters account for bulk of alcohol-related offenses here

By LAURIE TELFAIR

Teenagers too young to drink legally accounted for the largest number of alcohol-related arrests in Canyon last year.

The statistics were compiled recently by the Canyon police department for a report to the alcohol and drug abuse coordinator at Panhandle Regional Planning Commission.

Last year, 22 youngsters aged 13 through 17 were arrested for alcohol-related offenses.

More 17-year-olds were charged with drug offenses than any other age, records show. The 25 to 29 year-olds followed with 15 arrests and there were 12 arrests of 19-year-olds. In the 40-44-year-old age group, there were 11 arrests.

The youngest persons arrested last year were in the 13-14-year-old category — two teens 13 years old were charged with public intoxication.

There were two 15-year-olds arrested for violating liquor laws and three arrested for public drunkeness.

Three 16-year-olds were arrested for possession of liquor but 17-year-olds had the highest arrest rate in the age group. A total of 12 youths aged 17 were charged: four each for driving while intoxicated, possession of liquor and public intoxication.

Dr. Thomas M. Cannon, Jr., pychologist who has dealt with youngsters as a probation officer, university professor and in private practice, sees a trend back to alcohol use rather than drugs by youngsters today.

"I feel like there is a slow drift away from drugs that began first on the campus. The junior high kids are the last to get the word. It filters down," he said.

"Now they're going back to the 'good ol' days' where you got stinking drunk and you proved your masculinity by throwing up all over the person next to you," Dr. Cannon said.

The younger teens are more likely to be arrested because they are more visible, he said.

"Younger kids are not sophisticated enough to avoid getting caught. The average 13-14 year-old isn't able to disappear from sight when he gets drunk so he is picked up," he said.

Youngsters also turn to alcohol because it is easy to get, Dr. Cannon said.

"Alcohol is just easier to get their hands on. They can steal it from the parents' home," he said.

The largest number of arrests in a single year group was of 19-year-olds. This is probably due to the large number of university students age living here.

"They get away from home for the first time, they have a car, they can buy liquor, they're experimenting and they don't have the experience to handle it," explained Canyon Police Chief Al Stewart.

But police have much less of a problem enforcing liquor laws now than several years ago when 21 was the legal age to drink, he said.

Police last year arrested four 20-year-olds and four 21-year-olds for public drunkenness or driving while intoxicated. No 22-year-olds were charged and only one 24-year-old was arrested.

The age group between 25-29 accounted for 15 arrests: Seven DWIs, seven public intoxication and one liquor law violation.

Dr. Cannon said he had no idea why that particular age group had so many arrests.

There were only six persons in their 30s arrested for alcohol-related offenses but the 40-44 age group accounted for 11 arrests.

Arrests after that age tapered with nine persons, each charged in age groups 45-49 and 50-54, and six of ages 55-59.

Very few women were arrested for alcohol related offenses last year.

Included was one 19-year-old arrrested for public intoxication. The only woman charged with DWI was in the 50-54 age group.

According to Stewart, most of the women arrested for public intoxication were arrested while riding in automobiles. Public intoxication can be charged under Texas law, he said, if a person is visible to the public.

Statistics on drug use in Canyon were compiled for the last six months of the year. There were 16 arrests for drug law violations, of which 13 involved the use of marijuana.

Listed by age group, one 16-year-old was arrested; seven 17-year-olds; two 18-year-olds; one 20-year-old and two 23-year-olds.

New voting law costs $15,000

By the time Mrs. Audrey Bruse, Randall County's tax collector, mails next week new voter registration certificates to all voters in the county, she'll have spent more than $15,000 to comply with state and federal laws.

After four months of litigation, confusion and conflicting instructions, Mrs. Bruse said Tuesday she will mail next week 30,300 new registration certificates to voters in the county. Current voter registration certificates are obsolete after March 1, under a new state law.

The new certificates will be good for a two-year period.

Mrs. Bruse will mail next week not only new certificates but also voter registration questionnaires in both Spanish and English. The questionnaires ask for the recipient's name, address, Social Security number, phone number and citizenship and birthplace. Under the new law, the questionnaires need not be returned to Mrs. Bruse.

The packets, which will also contain a message on the importance of voting from Sec. of State Mark White, will go to all persons registered to vote at the time of the November constitutional amendment election and all who have registered since that time.

Mrs. Bruse said she figures the new law has cost $5733 in labor; $4825 in date processing expenses; $1440 in supplies; and $3250 in postage and return envelopes.

Justice of the Peace Bill Wilson acted as auctioneer Tuesday to sell the old Randall County courthouse annex on South Bowie in Amarillo. It took less than five minutes for Wilson to sell the old annex for $47,000 to Hugh Russell of Amarillo. About 20 persons gathered in the vacant structure for the bidding.

Chamber takes aim at city commission

Canyon Chamber of Commerce officials will take aim on city hall during the upcoming weeks for support of various projects.

Directors Monday night indicated they will ask Canyon city commissioners to turn over to the chamber the old city hall building at 4th and 16th for use as the chamber office.

They are also expected to ask commissioners to finance new Christmas decorations for the downtown area and to provide a work force to put up and take down the decorations annually.

Directors passed a resolution backing a petition effort by several Canyon merchants to limit parking in front of their businesses on 4th Avenue between 23rd and 24th Streets.

That resolution will go to commissioners prior to their Monday night consideration of the petition, which is spearheaded by Kenneth Thompson, owner of Carriage House Shoes and a chamber director.

Director Phil Langen is to head a committee to approach the city about allowing the chamber to have the old city hall building for as little as $1 per year for use as

Girls win 9th title bid, head for regional bout

Canyon girls wrapped up their ninth straight district title Tuesday night with an 108-34 victory over Levelland.

With the post-season schedule still incomplete Wednesday, the Eagle girls were expecting to play the winner of the bi-district playoff between Stephenville and Lakeview High School in San Angelo for the regional title on Feb. 20 or 21. Lakeview and Stephenville will meet Monday at San Angelo for their bi-district playoff.

That game is the only hurdle between the Canyon girls now and the state tournament in Austin on Feb. 26-28.

Canyon girls were runner-up to the state title last year and were last state champions in 1974. They took the state title also in '72 and '69 and were runner-ups the other years.

At Levelland on Tuesday night, CHS girls took their 31st straight win in an easy game that gave all the players a workout.

Robena Johnson was high point for the game with 46. Nearly all the forwards were in double figures with Becky Williams hitting 19, Deede Johnson scoring 15 and Louise Davis and Glenda Williams adding 10 each. Tammy Blewett scored eight points.

Coach Bob Schneider gave his guards high marks on a grading system that counts a point score of 13 or 14 as a good game. Mary Johnson ranked high with a 24 guarding score and Marci Davis was ranked at 23.

"All my starters had good games," Schneider said.

Guarding also for Canyon were Lisa Cathy, Kim Howell, Rene McDonald, Melinda Jones and Sharon Brown.

Canyon girls committed more fouls than Schneider wanted, with 22 credited to the team. Robena Johnson fouled out late in the fourth quarter.

They hit 68 per cent of their shots from the field and made 64 per cent from the foul line.

Schneider is still displeased with the free throw percentage.

"We aim for 75 per cent from the foul line," he said. "Hopefully, we'll improve in that area."

The team snagged 54 rebounds against Levelland, with forwards Davis, Johnson and Williams getting six, eight and nine respectively. Guard Mary Johnson took in eight rebounds and Marci Davis got seven.

Looking back over the season, Schneider supplied some team statistics.

Eagle girls hold a 59 per cent shooting average from the field for the regular season and are hitting 58 per cent from the foul line. This tops the team average last year, which was 53 per cent from the field.

"A consistent high 50's or low 60's is good," Schneider com-

Delegate selection slated Saturday

Delegate selection committees for various Presidential candidates will meet this weekend in Amarillo and other parts of the district and the only Canyon folks involved will be selecting delegates for Democratic hopeful Jimmy Carter.

Dave Matthis, his wife, and Mary Ann Cathey of Canyon will be among the 20 members of Carter's delegate selection committee to meet at 2 p.m. Saturday at the Holiday Inn West in Amarillo to name three delegates to appear on the May Democratic primary ballot.

Carter delegates selected will be bound to the candidate for at least two ballots in the Democratic national convention next summer.

Ninety-eight delegates will be chosen in the May primary for the Democratic convention's delegation from Texas. The state convention will choose the other 32 delegates.

Matthis, who spearheaded a drive in the 31st Senatorial District to have Carter's name on the primary ballot, said the announcement by Texas Sen. Lloyd Bentsen Tuesday that he will run as a favorite son and will not enter other primaries, is good news for Carter and other candidates.

"He won't be taken as seriously," Matthis said of Bentsen.

Matthis is critical of the state law passed ostensibly to aid Bentsen in his candidacy for the presidency, a law which complicates the primary voting system in the state.

"People in Austin are madder'n hell at Lloyd Bentsen because of this stupid law," he said.

Matthis said the law has had the effect it was intended to have. It has kept the names of other presidential Democratic candidates off the primary ballot in Texas. Only Carter and George Wallace have been able to obtain a place on the ballot other than Bentsen.

Delegate selection committees for Ford and Reagan will also be meeting this weekend.

Spelldowns set in CISD schools

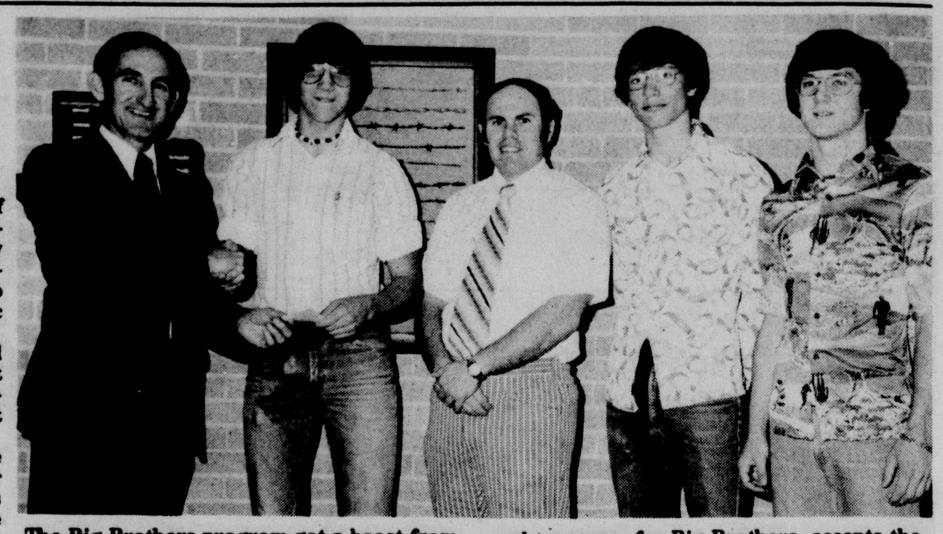
Elimination spelldowns have been scheduled for students seeking entrance into the Randall County Spelling Bee to be held March 10 at 4 p.m. in the Canyon Junior High School auditorium.

Rex Reeves Elementary School will have an elimination contest for the 6th grade students on Feb. 19 with a fifth grade spelldown set for March 2. Representative spellers from both levels will be representing the school at the county contest.

Gene Howe Elementary School will be conducting the spelldown eliminations for fourth, fifth and sixth grade students on Feb. 24 at 1:30 p.m.

The Canyon Junior High School spellers will have elimination contests on Feb. 19.

Spellers representing each of the schools in the Canyon Independent School District will be advanced to the county competition on March 10. Winners of the county spelling bee will be advanced to the regional contests in Amarillo this spring.



The Big Brothers program got a boost from the junior high chapter of the Fellowship of Christian Athletes, who donated $75, much of it raised during a faculty-freshman basketball game played Monday at CJHS. (The faculty lost 35-34). Dave Corley, secretary and treasurer for Big Brothers, accepts the check from FCA president Steve Thompson, with Coach Lewis Tversky, sponsor, Alan Johnson, program chairman, and Mike Moore, secretary-treasurer and vice-president, looking on.

Republican post sought by woman

Betty W. Sterquell of 5501 Everett, Amarillo has filed for re-election to the post as Randall County Republican Chairman.

She has held the county chairmanship since 1973 and was recently appointed to serve on the City Development Board. She has been a campaign committee person and fund raiser for many candidates.

Mrs. Sterquell, the wife of U.C. Sterquell, Jr., holds the B.A. degree from the University of Texas with majors in applied mathematics and philosophy and minors in religion and English. She did graduate work at West Texas State University and holds the teacher's certificate.

The Sterquells have three children: John C. of Dallas, Steve W. of Amarillo and Vicki, a student at Southern Methodist University.

In the community, Mrs. Sterquell is the founder and past president of the Amarillo City Panhellenic Council involved in the Amarillo Symphony Guild and Children's Guild and a charter member of the Amarillo Art Alliance and the C.P.A. Wives.

A charter member of the Texas Election Officials, Mrs. Sterquell is a court appointed election judge and served with the League of Women Voters at various board positions until assuming partisan political office. She was on the 1974 state platform committee and during 1972 state convention in Dallas was a platform committee representative for the Panhandle and rural areas.

Experienced in outdoor advertising and FM radio companies, Mrs. Sterquell is a homemaker, civic volunteer and teacher. She is the owner of Quilts, Etc., co-owner of Betty's Needlecraft Shop and president for the Las Tiendas Merchants Association.

Barker files for re-election

J.D. Barker of Canyon filed Tuesday for re-election to a two-year term on the Randall County Board of School Trustees.

Barker said he has served on the board for about 30 years. He seeks the at-large position on the board.

No other candidates have yet filed for election to the board.

The terms of R.B. Gist Jr., and Joe Turpin are also up this year on the board.

Barker, a native of Hemphill County, came to Canyon and began the practice of law in June 1930. He was elected county attorney for three terms from 1931 through 1936.

The county school board is a board which reviews acts of the Canyon School Board and has most recently been embroiled in school lands de-annexation controversies.

Fraternity gets province merit award

Phi Mu Alpha Sinfonia Fraternity of West Texas State University has received the Charles Lutton Memorial Province Merit Award for accomplishments throughout 1972 to 1975.

The Iota Pi Chapter of WTSU will receive a scholarship grant for $200 and the grant will be awarded later in the semester.

"We can divide the amount and give several scholarships or give the whole amount," Dr. George Umberson, professor and head of the WTSU music department, said.

The Sinfonia Foundation, with national headquarters in Evansville, Ind., offers scholarship grants triennially to between 35 and 40 American Colleges and universities which have earned the merit award.

Qualifications for the award include excellence over a three-year period in such areas as musical achievement, chapter operations, fraternal tradition, alumni relations, province interaction, membership development and special projects.

Recipient of the scholarship must have completed a full academic year in a music degree program at the university and have excelled in performing ability, academic performance and potential for teaching.

Band plans bingo

Canyon Band Parents will host a Bingo Night at 7 p.m. Feb. 22 at the Umbarger Parish Hall.

Mrs. Chris Thomas said a German band will provide music for the evening and free buttered popcorn will be provided. Soft drinks and homemade pie will be sold at reasonable prices.

Former resident's funeral in Bronte

Funeral services for L.G. (Buck) Campbell, former Canyon resident, were held Tuesday at Bronte, Texas.

Mr. Campbell died in a San Angelo hospital from cancer.

The Campbells resided in Canyon during the 1950s where he was employed with the road maintenance department for Randall County and his wife formerly taught school locally.

Among survivors are three children, Mrs. Don Smith of Dalhart, Conley Campbell of Tulia and L.G. Campbell of San Angelo.

Day care center study

Dr. Enid Bates, coordinator and advisor of programs for women, is conducting a feasibility study to determine if a day care center for the children of WTSU students is needed beginning in the fall of 1976.

Members of the Sociology and Social Work Club questioned students during registration about their need for a day care center. Also students are requested to complete the attached survey and return it to Dr. Bates in Room 104, Education Building.

The forms may also be dropped off at the checker desk in the library.

DWI, drugs are charged

A Canyon teenager was charged Friday night with possession of marijuana and two other persons were arrested over the weekend and charged with driving while intoxicated.

Paul Lynn Miller, 17, of Rt. 1, Box 14, pleaded guilty to marijuana possession and was placed on probation for six months and fined $100. He was arrested after Canyon police stopped him on 23rd Street to tell him a rear light wasn't burning and saw partially burned marijuana cigarettes in the vehicle.

Robert Lynn Ball, 21, of Jones Hall, pleaded not guilty and was released on $500 bond after being charged Saturday morning with DWI. According to police, Ball was arrested about 2 a.m. as he was returning from a fraternity party.

Billy Jack McClain, 20, of 1101 7th Ave. was arrested for DWI about 3 a.m. Sunday after campus police stopped him on Spur 48.

Japanese screens are on display

Two new screens of Japanese artist Tenkei Tachibana are on display in the Panhandle-Plains Historical Museum's south art gallery.

"Melody of the Harps in the Spring" shows the gnarled trunk of a plum tree whose flowering young shoots rise above a snow field.

"The use of plum blossoms in art is much favored in Japan because of their nature to cling to the branches even in the snow and their way of not withering until after they fall to the ground," says Mrs. Olive Bugbee, curator of art. "They are the symbol of courage and hope."

"Peace and Concord" is "a statement of agreement and harmony," she continues. The screen's male and female animals with their three pups show how differences can get along.

Also on display is "Clean Living at One's Own Pace between Heaven and Earth."

The screens will be up until mid-February.

Scouts sell 5,520 boxes

Canyon Girl Scouts and Brownies have sold 5,520 boxes of cookies to city residents in their recently completed sales campaign.

Scouts representing nine troops across the city were involved in the sales campaign according to Wanda Woolsey, sales chairman. The cookies will be delivered Feb. 26-March 6.

A portion of sales proceeds will be retained by the Canyon Girl Scouting district and each of the troops involved will also receive a portion of proceeds for the individual troops use.

Ninety two local scouts sold in excess of 25 boxes and will be receiving cookie sales patches for their efforts. In addition a number of city scouts will be receiving discounts at summer camp for each sale of 50 boxes, according to Mrs. Woolsey.

First graders using construction paper and lacy doilies make valentines for next week. The youngsters are members of Mrs. Mary Townsend's class at Rex Reeves.

Gerald Shoultz fashions a construction paper heart as first graders prepare for Valentine's Day.

Valentive party time here

Red and white construction paper —
Scissors to fit little hands —
A bottle of sticky glue —
Lace doilies for accent —

Add to this assortment of ingredients a classroom of elementary age students arranged at their study desks and allow a special amount of time and the students have a very fulfilling experience as they make "valentines" to exchange with fellow classmates.

Other than valentines, the students make their own special valentine boxes to collect their greetings from fellow students and to share with parents after the big valentine party time at school.

Community education still open

Because icy weather hampered registration for community education classes last Thursday, several classes will be held open for one more week.

Still available are New Testament Survey and Parental Involvement in Early Childhood at Rex Reeves; Intermediate Bridge, Self-Defense for Women and Typewriting at Canyon High and Macrame, Defensive Driving and American Novels at Gene Howe.

Two classes for elementary youngsters are also open. They are Twirling, from 4-5:30 p.m. and Dancing, tap and ballet, from 4-5 p.m. at Rex Reeves.

The Arts and Crafts class on Monday at Rex Reeves is also open, community education coordinator Mrs. Virginia Cotton announced.

Persons interested in taking any of the community education classes are asked to call Mrs. Cotton at 655-2168.

Music faculty at convention

Members of the West Texas State University music faculty will attend the Texas Music Education Association convention Feb. 12 through 14 in San Antonio.

Attending from WTSU will be Dr. George Umberson, professor and head of the department; Donald Baird, assistant professor of music; William Davis, instructor of music; Dr. Gary Garner, professor of music; Robert Krause, assistant professor of music; Sara Montgomery, assistant professor of music; David Ritter, assistant professor of music; and Dr. Hugh Sanders, professor of music.

The WTSU Brass Choir will perform at the annual convention under the direction of Ritter.

Library's board exploring change in hours

The possibility of altering library hours at the Canyon City Library to better meet the needs of a larger portion of the community was among items discussed at the regular meeting of the library board Monday afternoon in the new municipal complex.

A board committee composed of Terry White, Ted Freidell and librarian, Mary Huntington, will be meeting with the Canyon City Manager Glen Metcalf this week to further explore the possibilities of changing library hours. Mention was made of the advisability of having the new library facility open to the public during the noon hour and early evening in addition to the regular hours.

New library board officers were elected during the meeting with Walter Shelly named to head the board as chairman, Kathy Glazener as vice-chairman and Terry White as secretary.

Present for the Feb. 9th meeting were board members Walter Shelly, Terry White, Kathy Glazener and Ted Freidell. Also present were the city librarian, Mary Huntington, City Manager Glen Metcalf and administrative assistant, Tom Plumlee.

Minutes of the previous library board meeting were read and approved along with a list of 62 new book selections submitted by the librarian, Mary Huntington.

Kathy Glazener reported to the board that funds contributed to the library by the A.A.U.W. would be spent on a painting for the new facility, as well as a display case. She also informed the board that the story hour for preschool children would resume starting Feb. 26th. Time for the program is tentatively set for 3:15-3:45 on that date.

Terry White announced that the first in a series of book reviews sponsored by the library board would be presented March 11th at 7:30, in the library conference room. Ministers representing several Canyon churches will be present to participate in the review, followed by a question and answer session.

Open house for the new library as well as the entire Civic Center complex will be Sunday Feb. 22, from 2:00 to 5:00. The board suggested having an information sheet available at this time, explaining library policies, available services, and requirements for obtaining a Canyon or reciprocal library card. Kathy Glazener was appointed to prepare the sheet subject to board approval.

Boxes and boxes of books are being moved this week as the library settles into new quarters at the civic complex. An open house will be held for the entire building Feb. 22. City workers Tom Gregory and Randy Stewart lend a hand with moving.

Hatchet hunt planned here

Canyon merchants are having a "hatchet hunt" next Monday, Feb. 16, in observance of George Washington's birthday.

Hatchets, which are a traditional accompaniment to the famed story of George Washington's cherry tree, will be posted in local businesses with the names of county residents thereon. Shoppers who find their name on a hatchet in the local businesses will be awarded prizes.

All customers are in store for additional savings at the George Washington Birthday sale throughout the city.

Russian farming topic of program

"Trip To Russia" will be the title for a program on farming in the Soviet Union to be presented this evening, Feb. 12, at the Randall County Farm Bureau Building in Canyon.

Bob Shrauner, president of the Hartley County Farm Bureau, will be the guest speaker. The program will begin at 7:30 p.m. as the Randall County Farm Bureau hosts a Ladies Night meeting.

Three named to CCA board

Canyon Community Concert Association named three new board members Sunday afternoon at Canyon Junior High School.

Named to the board were Dr. Tom Conlin, Amarillo Symphony director; Dr. Eduard Schmutzer, West Texas State University faculty member; and Mrs. W.E. Parker, Canyon businesswoman.

CCA members also reminded that the final concert of the current season has been changed with Verda Erman, Turkish pianist, scheduled to appear here on April 24. The pianist program will be at the Branding Iron Theatre on the campus of West Texas State University and is a replacement for the originally scheduled February performance by the New York Brass Quintet.

Beryl Richardson

Educator honored

Mrs. Beryl Richardson of 1102 8th St., Canyon, has been selected for inclusion in the 1975-76 edition of "Who's Who in Texas Education."

A resident of Canyon, Mrs. Richardson is chairman of the English Department of Caprock High School where she teaches junior and senior accelerated classes for college bound students. She has been at Caprock High School since the school was first opened, some 17 years ago. She had previously taught speech and English at Sam Houston Junior High, and English and social studies at James Bowie Junior High.

She is a member of N.E.A., T.S.T.A., T.C.T.A., T.C.T.E., and A.C.T.A., and has served as the faculty representative to various professional associations and as chairman of the English Division for District XVI of the Texas State Teachers Association.

A graduate of West Texas State University, she holds the bachelor of administration and master of education degrees. She has been a Y-Teen's sponsor and presently serves as an associate sponsor.

Gonzales son born in city

Mr. and Mrs. Raymond J. Gonzales of 1906 A ½, 8th Avenue, Canyon announce the January 22 birth of a son, Raymond Juan, at Palo Duro Hospital in Canyon.

The baby weighed 6 pounds, 4 ounces at birth and measured 19½ inches. The father is a baker with Belmar Bakery in Amarillo. Grandparents are Mr. and Mrs. T.W. Popp of Halington, Texas and Mr. and Mrs. Juan Gonzales of Lamar, Colorado.

TO MYRTLE SPAID UHRIG, EDWARD SPAID, ETHEL SPAID, DUANE BRENNEMAN and WANDA ROBERSON, whose whereabouts are unknown and whose addresses cannot be ascertained, and TO ALL OTHER PERSONS AND PARTIES, AND TO EACH OF THE PERSONS AND PARTIES INTERESTED IN THE ESTATE OF WILMER LEE UHRIG, DECEASED, AND THE HEIRS OF WILMER LEE UHRIG, DECEASED, WHOSE NAMES AND RESIDENCES ARE UNKNOWN, AND TO THEIR UNKNOWN HEIRS — GREETING:

You and each of you are hereby cited, required and commanded to appear before the County Court of Randall County, Texas, to be held in the County Court Room in the City of Canyon, Randall County, such appearance to be at or before ten o'clock a.m. of the first Monday next after the expiration of 42 days from the date of issuance hereof, that is to say at and before 10 o'clock a.m. on Monday the 29th day of March, 1976, by filing written answer to the petition hereinafter mentioned, contesting same, should they or any of them desire to do so, which petition will, at such 10 o'clock hour and such place be acted on, said petition having been filed by David H. Uhrig in said court on the 27th day of January, 1976, and now pending there, in a proceeding on the probate docket of said court, styled Estate of Wilmer Lee Uhrig, deceased, the file number of which petition and the docket number of which proceeding is 5188, the nature of such petition being to determine and declare who are the heirs and the only heirs of the decedent, Wilmer Lee Uhrig, and their respective shares and interests, under the laws of this State, in the estate of such decedent, and reference is here made to the petition on file in said Action to Declare Heirship for a more particular showing of the nature of such proceeding.

The officer serving this citation, who shall be the sheriff or any constable within the State of Texas, shall, in compliance with the law, serve it by publication once in a newspaper of general circulation in this, the county in which such proceeding is pending, for not less than 10 days before the return day hereof, exclusive of the day of publication and the date of publication said newspaper bears shall be the day of publication.

Herein such officer shall fail not but shall have before said court at or before 10 o'clock A.M. on the first Monday after such service is perfected which will be the 29th day of March, 1976, his citation with his return thereon which will be not less than ten days after such publication, showing how he has executed the same.

If this citation is not served within 90 days after its date of issuance, it shall be returned unserved.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in the City of Canyon, this the 10th day of February, 1976.

that $5.5 million in bonds be issued to finance construction of a new elementary school and junior high school in the north part of the district and construction of expansion and additions to Canyon High School.

A similar issue on the Dec. 9 ballot failed by a vote of 1041 for and 1366 against. Only about a fourth of the more than 8000 voters in the district went to the polls in that election.

mented.

They have averaged 78 points a game this year for 31 games, compared to 73 points a game last year.

Individually statistics include:

Louise Davis, averaging 19 points a game, shooting 60 per cent from the field and 75 per cent on the foul line.

Robena Johnson, averaging 30 points a game, shooting 66 per cent from the field and 52 per cent from the foul line.

Becky Williams, averaging 10 points a game, shooting 55 per cent from the field and 67 per cent from the foul line.

Deede Johnson, averaging 11 points a game, shooting 54 per cent from the field and 56 per cent from the foul line.

Glenda Williams, averaging five points a game, shooting 52 per cent from the field and 56 per cent from the foul line.

Tammy Blewett, averaging 2.4 points a game, shooting 39 per cent from the field and 51 per cent from the foul line.

The Eagle girls tentatively will play a warmup game Saturday against district winner Phillips at Phillips.

"We'd like as many people as possible to come," said Schneider. "It will be a good game."

Game time is 7 p.m.

Strickland and the undersigned, be given an opportunity to testify before the Grand Jury at their next scheduled meeting so that we might explain our position in the matter.

"In the event you and the Grand Jury choose not to honor my request, then I would assume that the eleven narcotic cases would be dismissed.

"The estimated cost to taxpayers to make and file these cases would be approximately $5,000.

"If these cases are dismissed for the reasons that have been presented to me, then I shall be compelled to discontinue any narcotic enforcement in Randall County by members of the Amarillo Police Department until such time that the Grand Jury and the District Attorney consider the defendant as a suspect instead of the officer. Please let me know if my request is approved or disapproved.

"I will assist you in any matter when that assistance does not tend to demoralize members of our department or jeopardize the reputation, unjustly, of any member of the department."

Chamber. . .

an office. The committee is also to discuss with commissioners the possibility of city-owned Christmas decorations.

Langen told other directors Monday the chamber office needs to be relocated to a more visible place and that the old city hall would be a good location.

But, Chamber Manager Roland Black counselled a cautious approach, noting that there are certain advantages to the chamber in maintaining an office with the Texas Panhandle Heritage Foundation behind H.R.'s Flowers and Gifts shop.

"I want to lease it from the city for $1 per year," Langen said. "What we're going to do with that building will be worth more than the $10,000 they'd get for it and spend somewhere else. The chamber of commerce will be doing for the city day after day."

Director Bill Hunter suggested the city be approached about the purchase of Christmas decorations, arguing that the decorations are for the enjoyment of all citizens.

Thompson introduced discussion of the petition which will be presented Monday night by eight merchants who have businesses on 4th Avenue between 23rd and 24th Streets.

The petition, he said, has been amended to ask commissioners to limit parking in that specific street area to 45 minutes between the hours of 9 a.m. and 11:30 a.m. on weekdays.

Commissioners were hesitant at their last meeting to approve the idea of limiting parking there to 30 minutes for a longer period on weekdays.

In other business Monday, directors approved an $11,500 administrative budget for the current fiscal year, appointed Joe Byrd to replace George Stevens on the board, and considered a new design for a bicentennial coin minting.

County, DA may enter effort to ban weather modification

Randall County commissioners and Dist. Atty. Randall Sherrod are investigating the possibility of seeking a restraining order to halt permanently hail suppression activities in South Plains counties which local farmers believe is limiting rainfall here.

Sherrod said Monday he is checking the law on the county's ability to petition for an injunction to stop the weather modification programs centered in Hale and Lamb counties.

"If we can, we will," he said.

County Judge Woody Pond said he would back such an attempt.

"It's in the interest of the whole county," he said.

As the county investigated the possibility this week, local farmers and ranchers who have been fighting the issuance of a state permit to allow the weather modification activities went to Plainview Tuesday for a public hearing sponsored by the Texas Water Development Board on whether a permit should be issued to the Plains Weather Improvement Association in Hale County.

Nolon Henson, a Happy area rancher who has spearheaded a drive in the area to block the issuance of permits, returned from the hearing late Tuesday and said it appears the water board will hold a more formal hearing later in the spring to receive sworn testimony on the complaints.

He indicated a group of farmers will probably ask for the special hearing following today's scheduled hearing in Littlefield on a similar weather modification request being made before the board by the Atmospherics Inc.

Today's session begins at 9:30 a.m. at the Littlefield courthouse. A representative of Randall County commissioners court is to be on hand for today's meeting.

Henson said about 200 opponents to the Plains permit appeared in Plainview Tuesday, charging that airplaines involved in cloud-seeing operations were flying outside a designated target and fly-over area.

The chief complaint of the opponents is that hail suppression activities within the target area, which does not include Randall County, adversely affects the rainfall within the county.

Henson presented rainfall data from Nazareth, Umbarger, Canyon, Buffalo Lake, his ranch, and Amarillo to show the rainfall pattern and the effect of the cloud-seeding on areas outside the target area.

He noted a generally wide disparity between rainfall within the target area during the cloud-seeding periods when compared with rainfall outside and to the northeast of the target area. In some recent years, the difference in rainfall has been as much as eight to 10 inches with the Happy Hereford Ranch receiving a lesser amount.

The Plainview and Littlefield weather modification firms are asking the water development board to approve four-year permits for cloud-seeding.

Fulton seeks another term

Veteran city commissioner H.R. Fulton filed recently for re-election.

H. R. Fulton

Fulton, owner of HR's Flowers and Gifts, has been a member of the board of commissioners since April, 1966.

"I have enjoyed my time on the board and it has been a rewarding experience for me," he said. "I'd like to continue working."

Fulton sees the planning of growth and development as one of the major tasks for the coming commission.

"I think we're going through a very important time in growth and development and that that growth needs to be planned," he said. "I believe the tax burden is something that needs to be looked at so that it doesn't get out of hand."

DAR citizenship recognition extended at chapter meeting

Canyon High School senior, Retta Cunningham, was among students recognized by the Esther McCrory chapter of the Daughters of the American Revolution at the chapter's meeting Monday afternoon.

Several area students were recognized as DAR Good Citizens at the session. The students were selected by their respective school faculties on the basis of citizenship, attitudes, leadership and scholarship. The students will now take a test on American History which is scored in state competition for further awards and qualification for the national level of DAR Citizenship recognitions.

Retta Cunningham represented Canyon High School as the DAR Good Citizen honoree at the meeting. She was accompanied by her sister, Rene, and parents, Mr. and Mrs. Maurice Cunningham of Canyon. Canyon High School principal, John Sommer, was also present for the recognition of Miss Cunningham.

DAR members from Canyon at the afternoon session included Miss Lou Ella Patterson, Mrs. Morris Knorpp, Mrs. T.H. Knighton, Mrs. Jack Bullock and Mrs. Joe Findley.

CHRISTIAN CHURCH • DISCIPLES OF CHRIST •

From development of a new rice strain in India to hospital staffing in Africa, Disciples have made their mark overseas in meeting need.

Disciples now spend some $2.5 million annually overseas. Working ecumenically they've penetrated almost every part of the world.

Long-standing operations continue in Zaire (Congo), India, Paraguay, Thailand, Mexico, Japan and other spots. The 230,000-member Zaire church has been the largest abroad.

While the work is increasing the number of overseas staff (the term missionary is used less often) is decreasing. With the blessing of American Disciples, overseas churches more and more are calling the shots. The American church supplies persons of special skills, often on short-term. Puerto Rico, once a mission, is sending its own missionaries.

Disciples have encouraged united Protestant churches abroad. Many one-time missions are part of united bodies. Particularly in Asia. Now in Zaire.

Buffs hunt lead on road trip east

West Texas State University's Buffaloes hope to vault into first-place tie in the Missouri Valley Conference tonight and hold onto that spot Saturday night as they hit the road for two tough games.

Tonight's game sees the Buffaloes take on Southern Illinois and Saturday night the Buffs will meet the Bradley Braves.

WT and SIU enter tonight's game with identical 5-1 MVC records and the winner will move into a first place tie with Wichita State. For the season, WT is 15-3 while Southern Illinois is 11-7. Bradley has an 11-7 record and the Braves are 3-4 in Valley play.

"I don't think this week has to be that crucial to our title hopes," said Buff Coach Ron Ekker. "By winning last week, it put us in a position to withstand a catastrophe this week. Now, I wouldn't say that if we were just 4-2. No one in the conference has won at either Southern Illinois or Bradley. Everyone has to play there.

"Conversely, this week could make us. If we go 2-0 this week, we could finish strongly because I've always felt we have the best schedule down the stretch."

The Buffs have not met the Salukis yet this year but last year the Illinois team handed the Buffs a 63-62 loss in Amarillo. Then in a Carbondale match, the Buffs were trounced 67-50 by the Salukis.

"I'm amazed at their ability," Ekker says of the Salukis. "They could have the most talent in the league, and after watching them on film it really surprised me. Mike Glenn is one of the most outstanding guards in the country, Corky Abrams is a steady and strong player, and Mel Hughlett has good quickness and size in the middle. They play good defense and a very steady game in general. I think they may be the team to beat in the league."

Earlier this season, the Buffs held the Bradley Braves scoreless for the final 4:40 of the game to pull away to a 66-56 win before 5100 fans in Amarillo. Eugene Smith had 26 points and 11 rebounds to lead the Buffs in both categories, while Mike Davis had 18 points and seven rebounds for the Braves.

"We'll have definite trouble beating them at their place," Ekker said of the Braves. "They've beaten just about everybody they've played at home, and they took Louisville right down to the wire last weekend. They just play better up there. I expect them to come at us. They probably won't play us any differently offensively or defensively. Their offense is potent and they have a good system. They'll give us a tough game."

Upon returning to Canyon late Sunday, the Buffs will prepare for a Tuesday date with North Texas State. Tickets from the original Feb. 5 game date will be honored.

Eagles hold back Perryton 70-62

Canyon Eagles, off to their usual slow start, held back a fired-up Perryton Tuesday in a final home game to win 70-62.

The game could be the key to the district title outright, should Levelland lose one of their next two games. Should both Canyon and Levelland meet undefeated in second round play, a loss to Levelland would put the Eagles into a one-game playoff for the title.

Canyon will play Levelland there next Tuesday.

Against Perryton, the Eagles edged away in the first quarter to a 14-9 lead but Perryton fought their way back to within a point at one time. At the half, Canyon held a slim three-point margin, 33-30.

"We've been real slow starting this year," Coach B.B. Kendrick said. "Usually we're even, or sometimes behind at the first quarter."

Using a zone press, in the first half, the Eagles hounded their visitors but the pressure resulted in a high foul total also.

Of the 14 team fouls, eight were committed during the first half.

"In the second half, we concentrated on getting most of the rebounds and of keeping them off the foul line," Kendrick said.

"We really hurt them in the third quarter where we outscored them 16-12. We had a seven point lead at the end of the quarter and that is hard to overcome," the coach said.

Leading the Canyon scoring was John Johnson, but four of the five starters were in double figures.

"That and the rebounds was the key to the game," Kendrick said.

Canyon scorers were Johnson with 21, and 11 rebounds, Hoss Ratliff with 18 points and nine rebounds, Mark Nelson with 14 points and six assists and Mike Flynn with 13 points.

The Eagles next play Muleshoe there Friday.

Websters have baby boy here

Mr. and Mrs. Richard Lee Webster of 5207 Parker, Amarillo announce the Feb. 6 birth of a son, Tod Brian, who weighed 5 pounds, 12¾ ounces at birth in Palo Duro Hospital in Canyon.

The father is employed as a firefighter for the City of Amarillo and the Webster family includes three other children: Todd Brent, 9; Troy Brady, 7; and Zoie Denice, 6.

Requiem mass today for Ben Buecker, 74

Requiem mass for Ben Buecker, 74, will be held at 10 a.m. today, Feb. 12, at St. Mary's Catholic Church in Umbarger.

Father Jack Gist, pastor of St. Ann's Catholic Church of Canyon, will officiate and interment will follow at St. Mary's Catholic Cemetery at Umbarger. Rosary rites were conducted Wednesday evening at Schooler-Gordon Funeral Chapel in Canyon.

Mr. Buecker died Tuesday morning at Medical Drive Convalescent Home in Amarillo. He was born February 10, 1902 at Langenberg, Germany and came to the United States in 1927. After working in the United States for seven years, Mr. Buecker returned to Germany where he was married to Anna Berensmeier on April 24, 1935.

The Bueckers returned to the United States and settled in the Umbarger Community where they were involved in farming and ranching. The Bueckers have resided in the Umbarger community except for a nine year period which was spent in the Jowell Community, south of Canyon.

The family has requested that memorial gifts be designated to St. Ann's Children's Home at Panhandle or a favorite charity.

Survivors include the wife, Anna, of Umbarger; two sons, Alfred Buecker of Happy and Bernard Buecker of Austin; three daughters, Mrs. Fred Begert of Canyon, Mrs. Vincent Ehly of Canyon and Mrs. Robert Wieck of Amarillo; a brother, Joseph Buecker of Germany; a sister, Mrs. Bernard Laukmper of Germany; and 11 grandchildren.

Funeral arrangements were handled by Schooler-Gordon Funeral Directors of Canyon. Serving as pallbearers will be Conrad Westhoff, John Wieck, Leonard Batenhorst, Raymond Hinders, Joe Grotegut, and Alfred Brorman.

Artist's works on display now

The continuing art appreciation series at First National Bank of Canyon presently has an exhibit of works by amateur artist, Mrs. George (Mary C.) Brockman of Umbarger on display.

An art student of Leona Turner of Amarillo, Mrs. Brockman has been painting since 1950 and has a wide variety of subjects on display ranging from landscapes to portraits.

Cancer unit's goal $6,400 for fundraising campaign

Randall County unit of the American Cancer Society has a goal of $6,400 set for the 1976 fundraising campaign this spring according to Mary Alice Hines, unit president.

Mrs. Hines and Ken Thompson, crusade chairman of the local unit, recently attended a district crusade workshop in Amarillo to gain information about conducting the local drive in 1976. Mrs. Hines conducted a public information workshop at the district meetings.

Plans for the cancer campaign are underway with Ken Thompson to serve as chairman of the overall crusade. Steve McCullough has been named to head the business drive; with Joe Gibson conducting the special gifts campaign; Cordell Huddleston in charge of memorial gifts; Lois Hull to lead the residential campaign; David Kent to arrange special events; and Betty Burtz to serve as public information director.

The business and special gifts campaigns have been slated for late March with the residential campaign to be held in April. Plans are being made for a "rattle-the-can" collection to precede the university's spring break period and a benefit basketball game to pit Jarrett Hall students against ball players

A task force of teachers plan the Rex Reeves right to read program at a meeting this week. From the left are Anna Read, Maxine Hartman, Bob Parks, Phyllis Goettsch, Martha Hester and Vondean McGregor (back to camera.)

For fun

Schools work on reading program

Reading for fun is almost sure to be the primary thrust of Canyon elementary schools' right to read program.

A task force at Gene Howe has already assessed the needs within the reading program and has decided that recreational reading is the area for concentration. A similar task force of teachers at Rex Reeves has begun evaluation of the reading program there and is expected also to recommend a reading for pleasure approach.

In fact, several individual classrooms at Rex Reeves this year have been emphasizing fun reading already, right to read coordinator Mrs. Vondean McGregor said.

The range of books available to youngsters will get a hard look, Mrs. McGregor said. Books for recreational reading need to be at least one grade level below the child's instructional level, she explained.

"I know we have some books in the library that are too difficult for almost all of our children to read," she said.

Shifting some books to the junior high may be done, Mrs. McGregor said.

At Gene Howe, several parents are taking home books and preparing simple exercises on each one. These will then be filed in the library.

"It may take awhile, but eventually we'll have a file on every book in the library."

The cards can be used to encourage comprehension.

The Rex Reeves task force has not completed their right to read plan.

Task force members at Rex Reeves are Anna Read, third grade; Maxine Hartman, librarian; Phyllis Goettsch, first grade; Martha Hester, fifth grade; Bob Parks, principal and Vondean McGregor, coordinator.

Gene Howe members are Alicia Niemeier, first grade; Jerrie Langen, third grade; Jeanne Miller, fourth grade; Suzella Parsons, sixth grade; Elizabeth Bellamy, librarian; Luther Lawless, principal and Vondean McGregor.

Bezners have third child

Mr. and Mrs. Frank L. Bezner of Box 8, Bushland, announce the Jan. 17 birth of a son, Sam Christopher, at Palo Duro Hospital in Canyon.

The baby boy weighed 7 pounds, 13½ ounces at birth and measured 19¾ inches. His father farms in the Bushland Community and the family includes an older sister, Claudia, 2½, and a brother, Jake, 17 months.

Grandparents are Mr. and Mrs. Richard E. Friemel of Umbarger and Mr. and Mrs. Leo Bezner of Bushland.

County hiring hit by ex-employee

A former county employee told Randall County commissioners Monday they need a better employee policy statement so in the future workers will know where they stand.

Mrs. Charlotte McClure, who had worked for the county for a year under a federally-financed grant, said she has another job in Amarillo but has a bitter taste in her mouth after commissioners terminated her Randall County job in January and then reinstated her.

She said she was told one day before the federal grant was to run out that commissioners had abolished her job, that she tried to get a place on the commission agenda to complain but was told there was no time available, and then was rehired in a closed commission meeting later.

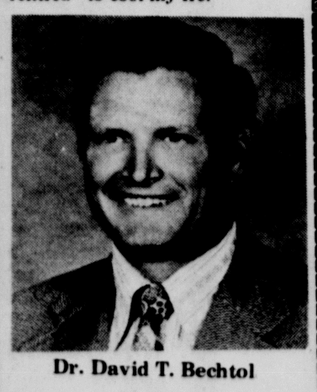
She said she feels she was rehired "to cool my ire."

Mrs. McClure said the county should not use the "band-aid" approach to hiring and firing employees.

"Randall County is big business and no other business in the county could operate as loosely as this," she said. "The potential for a lot of problems is there."

In other business Monday, commissioners purchased two new cars from Stevenson Motor Co. of Canyon for a total of $6616 for the juvenile probation office.

They tabled action on proposal by Commissioner Dee Griffin Sr. that the county join the National Association of Counties for $600 per year.



Dr. David T. Bechtol

Local veterinarian featured speaker at state meeting

Dr. David T. Bechtol of Canyon was one of the featured speakers at the 63rd annual convention of the Texas Veterinary Medical Association, in Dallas, February 8-10th.

Self-employed as a food animal medicine consultant, Dr. Bechtol outlined ways a computer may be used in record-keeping for feedlots. More than 400 veterinarians from throughout the state were attending.

A graduate of Amarillo High School, Dr. Bechtol received his BS degree from Texas A&M University in 1964 and his doctor of veterinary medicine degree the following year. A member of the Canyon Chamber of Commerce and Buffalo Club, Dr. Bechtol has also been active in professional affairs including the Texas Academy of Veterinary Practice, the American Society of Agricultural Consultants and the American Association of Swine Practitioners. He presently serves as district director for the Texas Veterinary Medical Association and the American Association of Bovine Practitioners.

Police after junk autos

Junker cars abandoned within the city are being rounded up by Canyon police this week.

About 45 letters are being sent to vehicle owners notifying them to dispose of or remove from public sight cars that don't meet inspection standards.

The drive is part of an effort conducted about twice a year to keep the city free of abandoned cars, said Lt. Tom Rolen.

When the city ordinance first went into effect in 1972, nearly 200 old cars were removed, he said. Now only a few cars accummulate that fall under the nuisance ordinance, Rolen said.

Vehicles likely to draw a letter are those that are obviously abandoned, that don't carry a current license and inspection sticker and that are inoperable, Rolen said.

Failure to remove such a vehicle is a misdemeanor, he said, but no cases have been prosecuted under the law.

"All we're interested in is enforcing the public nuisance law," Rolen said. "We're not really interested in filing charges."

Cars that are not removed after the owner has received notification that the car is in violation of the city and state law can be impounded and then disposed of or sold at auction.

SPRY devotional meeting is today

The SPRY (Sixty Plus Years Club) will have a devotional meeting this afternoon, Feb. 12, in fellowship hall of the First United Methodist Church.

Beginning at 2 p.m., the devotional is to be presented by John Childs with games and fellowship to follow. The club activities are open to all residents aged sixty and above.

CANYON SCHOOL DISTRICT TAXPAYERS

VOTE "NO" FEB. 17th

TO THE NEW SCHOOL BONDS
$5.5 MILLION BLANK CHECK!

What will it buy? We've seen little of plans or details and they won't tell us where the elementary school is to be located!

What Is Your Share Of This Blank Check?

$5,500,000 — 20 year 6½% Tax Bonds
4,345,000 — Interest
$9,845,000 — Total 20 year obligation

IT IS REALLY A $9.845 Million Obligation!

This is 13.21% of our present tax base of 74.5 million
Therefore

If you have a home valued at $10,000 on the tax rolls; then your home's portion of this new tax indebtedness is $1,321.00

If you have a farm valued at $60,000 on the tax rolls; then your farm's portion of this new tax indebtedness is $7,928.85

If you have a tractor valued at $5,000 on the tax rolls; then your tractor's portion of this new tax indebtedness is $ 660.50

If you have a business inventory valued at $75,000 on the tax rolls; then your inventory's portion of this new tax indebtedness is $9,907.50

If you have a car or pickup valued at $1,500 on the tax rolls; then your car's portion of this new tax indebtedness is $ 198.15

Be Sure To Remember That This A New Lien Against Your Property - It Does Not Include Your Present Tax Indebteness For Existing Schools Or For Future Increases In Operating Costs.

WHY SHOULD I VOTE NO?
IS THIS TOO MUCH TO PAY ?
COST PER STUDENT TOO HIGH!

Cost Of Proposed Junior High School (In Amarillo) $2,800,000.00
to educate 600-650 students at a cost of $4,307 per student.

Cost Of Existing Junior High School (In Canyon) $1,400,000.00
to educate 1,000 students at a cost of $1,400 per student.

NOTE: Other schools are also too costly — an elementary school is proposed at a cost of $2,550 per student as compared to $1,372 per student cost of a recently completed comparable elementary school in Lubbock.
High school additions at Canyon are proposed at a cost of $5,133.00 per student when the fine new Amarillo High School was recently built from scratch for $2,315.00 per student.

Funeral rites are held for William Henry Hall

Funeral rites for William Henry Hall, 76, were conducted Wednesday afternoon at Schooler-Gordon Funeral Chapel in Canyon with W. Clayton Hoffman, pastor of the Avondale Baptist Church of Amarillo, officiating.

Interment was in Memory Gardens at Pampa Wednesday afternoon. Serving as pallbearers were Curtis Caffey, W.E. Lee, Stacey Howell, James P. Martin, John Graves, E.R. Cleavinger, Buster Dunham and Dale Killingsworth.

Mr. Hall died Monday afternoon at his home, 1420 9th Avenue, in Canyon. He was born March 5, 1899 at San Marcos, Texas and was married to Gertrude Miles on May 30, 1920 at Roswell, New Mexico.

He began work with the Phillips Petroleum Pipeline Company in Artesia in 1926 and served the company in Pampa, Phillips, Goldsmith and Olton previous to moving to the Canyon station in 1950. He retired in 1964 and was a member of Southside Baptist Church in Canyon.

Survivors include his wife, Gertrude; a daughter, Mrs. Lorene G. Carter of Amarillo; a son, Clarence L. Hall of Alvin, Texas; three brothers, Floyd H. Hall and Noble A. Hall, both of Dumas, and Jess D. Hall of Phillips; four sisters, Mrs. Florence Olson and Mrs. Nora Peden, both of Sacramento, California, Mrs. Ollie Teel of Carlsbad, New Mexico and Mrs. Beulah Ponders of Norfolk, Virginia; three grandchildren and three great grandchildren.

Political scientist writes of mid-east

Dr. Roy E. Thoman, associate professor of political science at West Texas State University, has written five articles dealing with Middle Eastern countries for Collier's 1976 Year Book, an annual supplement to Collier's Encyclopedia, published by Macmillian Educational Corporation.

Thoman contributed the articles on Iraq, Jordan, Saudi Arabia, Syria and Yemen, reporting on the major events of 1975. More than 800,000 copies of the Year Book, which is distributed in January, are produced annually and sold throughout the world.

Thoman also wrote articles for the 1974 and 1975 Year Books, and has contributed several articles to Current History, an international and public affairs journal. He will have a book published this summer dealing with the Persian Gulf region.

Thoman, who has been teaching at WTSU since 1968, received his Ph.D. degree from the Patterson School of Diplomacy and International Commerce at the University of Kentucky, and his M.A. in government from Indiana University.

Umbarger News

New firms come to town

BY REBA RAEF

IN THE PAST few weeks, two businesses have re-located in Umbarger. The Norman Glenn Dairy has moved to a site just south of Umbarger, on the Buffalo Lake road. Mr. Glenn tells us that he has five full time employees. They milk 320 cows, twice daily and they run a wholesale dairy. The dairy was located North of Canyon for 25 years, before the move to the Umbarger location.

The Southwest Service Systems, owned by Charles Solomon of Dumas, has located West of Umbarger on Highway 60 about a half mile. Joe Briscoe is the general manager and the firm employs 23. The company operations consist of farm and ranch welding and construction, painting, sand blasting and fiberglass coating, shop and field custom fabrication, millwrights, elevator maintenance and repair and electric, pneumatic and hydraulics repair and installation. Mr. Briscoe, his wife Mary and daughter Tracy are living at the plant site. We would like to welcome the Briscoe's and the two businesses to Umbarger.

TOM AND DIANE Brock returned recently from a weeks trip to Acapulco, Mexico. Tom won the trip for selling NiPak fertilizer. Diane said there were three plane loads, 1 from Dallas, 1 from Oklahoma City, and 1 from Wichita, Kansas. She said the weather was fine, about 85 degrees, and the scenery was beautiful. They took a cruise on a big yacht and got to watch the famous divers. She and Tom took a parachute ride behind a boat. They strapped on a parachute and were standing on dry ground when the boat took off and they sailed out over the water and landed again on the ground without getting wet. Diane said they sure enjoyed the trip.

SHORTLY AFTER NOON on Tuesday a trailer fire occurred on Highway 60 just west of Umbarger and the trailer was a complete loss with volunteer firemen from Umbarger and several units of the Canyon department unable to contain the blaze in the high winds.

The trailer belonged to Mr. and Mrs. Ed Kilpatrick, who were enroute from Bovina to a new job in Guymon, Oklahoma. According to Mr. Kilpatrick the right rear tire on the middle axle of the trailer went flat causing the fire.

The north side of the Santa Fe right-of-way also burned from the trailer eastward to a point just opposite the Umbarger Store and it looked for a few minutes that the grass fire might also get out of hand.

The Kilpatricks, with the aid of Umbarger people and others who stopped to help, were able to salvage their watersoaked clothes along with a few personal belongings. Among items saved was a bowl filled with tropical fish belonging to the Kilpatrick family.

Mr. Kilpatrick said that he would like to extend "thanks to all who helped in any way and that he didn't know there were still people who cared enough to help total strangers, until the fire."

Cowboys win close game

BY MARY NEAL HENRY

HAPPY COWBOYS PLAYED a tense, difficult game on Tuesday evening to beat Spade 45 to 40.

The Cowboys trailed 18 to 22 at half time. The end of the third quarter, they trailed 33 to 36. Within the first two minutes of the fourth period, Cowboys went ahead of Spade and were never behind again.

The last two games have been real tension for the Cowboys. The final scores of the Sudan and Spade games were lower than any Cowboy scores all year. Let's hope the tension is lessened.

Happy Cowgirls beat Spade 59 to 50 to close their season. The outstanding play of the game came in the closing second when Diane Johnson sank two points from the center circle. She even surprised herself.

Valentine Ball posters promoting the Feb. 14 coronation ball and dance at the KA Lodge Hall were being placed around town this week by Beta Sigma Phi sorority members, from left, Vi Taylor of Chi Upsilon chapter, Sue Lewis of Alpha Theta Delta chapter and Bettie Hunter of Xi Kappa Zeta chapter. The three local sorority chapters and Preceptor Gamma Chi chapter will be using a portion of ticket proceeds to provide the annual Beta Sigma Phi scholarship which is awarded to a Canyon High School graduate each spring. Dance tickets are $6 per person with the coronation to start at 8:30 p.m. and dancing to begin at 9 p.m.

Bell tolls frequently

Fire calls are up about 50 per cent above normal for the past six weeks.

"These dry conditions are just eating us up," Joe Rice, Canyon Volunteer Fire Department captain said.

In January, the fire fighters went to 27 fires and have answered 10 calls during the first ten days of February.

There were three calls before 5 p.m. Tuesday, he said. The Canyon department responded to alarms for a mobile home in transit at Umbarger, a grass fire on the Hereford Highway and an auto on fire on the university campus.

Rice said that in addition to the normal load of calls, frequent grass fires have broken out. This has boosted the number of fire calls to above normal levels.

Senior citizens set potluck fete

Canyon Senior Citizens will have their weekly potluck supper session this evening, Feb. 12, at Canyon Community Center beginning at 6:30 p.m.

Games and fellowship will follow the supper with all residents aged 55 and above invited to join the group.

The nursing department of West Texas State University will be conducting a blood pressure testing session for Senior Citizens next Thursday evening. The tests will begin at 6 p.m. preceding the supper. Monthly blood pressure checks will begin at the first Thursday meeting in March.

Funeral rites held Tuesday for Fleming, 67

Funeral services for Tom H. Fleming, 67, were held Tuesday at the Arnett, Oklahoma Baptist Church with graveside rites following at Llano Cemetery in Amarillo.

Born in Red River County, Mr. Fleming had lived near Higgins for 24 years and formerly lived near Canyon, Texas and Tucumcari, New Mexico. In 1920 he moved to Claude with his parents and was a graduate of Claude High School. He was retired about a year ago from ranching.

Funeral services were conducted by Rev. Don Travis, minister of the Higgins United Methodist Church. Graveside rites were administered by Rev. Stan Coffee, pastor of San Jacinto Baptist Church in Amarillo. Arrangements were handled by the Mason Funeral Home of Shattuck, Okla.

Survivors include the widow, Addie; three stepdaughters, Mrs. Bob Denman of Amarillo, Mrs. Wanda Tuttle of Arnett and Mrs. Oney DeGray of Huntington Beach, Calif.; a brother, Dalby of Amarillo; two sisters, Mrs. Mona Hawkins of Amarillo and Mrs. Jerry Burgan of Canyon; seven grandchildren and five great-grandchildren.

THE VALENTINE'S DAY HEART!

The heart has long been the traditional symbol of Valentine's Day. And every February heart-shaped cards and heart-shaped candy boxes abound as people all over tell of their love for another.

YOUR HEART IS VERY PRECIOUS

So, it is fitting that with Valentine's Day upon us we take a moment to think about the good health of our hearts and how to recognize when it might be in trouble.

KNOW THE EARLY WARNING SIGNS

Most heart attack deaths occur before the victim gets to a hospital.

1. Prolonged, oppressive pain or unusual discomfort in center of the chest.
2. Pain may radiate to shoulder, arm, neck or jaw.
3. Sweating may accompany pain or discomfort.
4. Nausea, vomiting and shortness of breath may also occur.
5. Symptoms may go away and then return.

ACT IMMEDIATELY-MINUTES COUNT

Call a doctor and carefully describe the symptoms. If a doctor is not immediately available, get to a hospital emergency room at once. Remember the decision to call for help is too important to leave to the victim alone. Family, friends and associates must be ready to help.

BE PREPARED TO ACT

Keep a list of numbers-doctor, hospital and ambulance-next to your telephone and in a prominent place in your pocket, wallet or purse.

A Valentine Special. . .

Gene Howe

If variety is the spice of life, then life here is spicy

By KAROLYN FARMER

IF, AS THEY say, variety is the spice of life, then I've come to the logical conclusion that life in the Gene Howe area is very "spicy."

* * *

THE VARIETY SHOW, an annual event at Gene Howe School, was presented this past Monday to a packed house. The event, sponsored by the 6th graders, featured a number of acts and lots of Gene Howe students and parents.

Margie Phillips, the school music teacher, was the emcee and organizer for the show. All of the performances were really great, and it was obvious that a lot of people had worked very hard in preparing for the event.

PAUL AND JOYCE McDonald, Jeanne and Suzy, all enjoyed a few days of skiing last week. They, along with Mr. and Mrs. Gene Webb, Julie, Kathy and Laura, went to Sipapu Ski Lodge in New Mexico.

Although the rest of his family had skied before, this was Paul's first try. He said his daughters definitely "outshined" him on the slopes.

* * *

ROBIN YARBROUGH, THE daughter of Royal and Chris, was in High Plains Baptist Hospital last week for a tonsillectomy. Robin, who is in the 8th grade at CJHS, developed some complications and was finally able to return to school on Tuesday of this week.

Meridith Bethel, the daughter of Martha and Dennis Bethel of Canyon, was Robin's roommate in the hospital. Meridith, who is in the first grade at Rex Reeves, underwent tonsil and adenoid surgery. She, too, developed some complications from the surgery and is still confined at home.

The Bethels are owners of The Jewelry Store in Canyon.

* * *

MARK SUMMERS CELEBRATED his twelfth birthday on Monday, Feb. 2. Several of his friends attended Mark's birthday party last Saturday.

Along with the ice cream and cake, the boys also enjoyed exploring the neighborhood and playing in a nearby haystack.

* * *

RICHARD LANIER CELEBRATED the climax of a yearlong project last week. Richard, whose hobby is working on old cars, has been in the process of restoring a '56 Volkswagen.

Last Wednesday evening several of his co-workers at High Plains Baptist Hospital assisted in putting the restored motor back in the car.

The next step, according to Barbara Lanier, will be the repainting and reupholstering. Richard hopes to eventually have the car looking like "new" again — or almost new, anyway.

DAVIDA AND BOB Alexander recently returned from their honeymoon trip to the Hawaiian Islands. The couple was married on January 31 in Amarillo.

Bob and Davida spent the first day of their trip on the island of Oahu and stayed at a country club on Waikiki Beach for the remainder of the time.

They rented a car and drove to several points of interest, including Waimiea Falls and Hanama Bay. Davida also drove the cart while Bob got in some golf at the beautiful country club course.

Davida said they especially enjoyed dining at the club's restaurant, which has a gorgeous view of the ocean. The Alexanders are already planning their return trip to the islands.

Davida teaches Early Childhood at Gene Howe and Bob is employed by Continental Airlines.

GIRL SCOUT TROOP 237 participated in an inter-troop activity with another troop of Scouts from Amarillo. The meeting was held last week in the home of their leader, Mrs. Sharon Camouse. Regina Pender is the assistant leader.

Among the refreshments served were Bicentennial cookies which the Girl Scouts had made. The cookies, called Elton Teacakes, were made from the original 1774 recipe. The original teacakes were served by the women of Boston at a party to protest the early tax on tea.

As part of their Bicentennial observance, the girls enjoyed a skit given by the Amarillo troop about the history of the Panhandle.

Troop 237 has a membership of 15 girls, who are all third graders at Gene Howe.

* * *

ROBERT AND DONNA Segedy and their children, Tracy, Bobby and Angie, moved into the Gene Howe area last weekend. Robert is employed by Santa Fe and Donna is a fulltime homemaker.

Bobby is six years old and is in Pam Layman's kindergarten class. Tracy, who is 8, is in Gerry Woodward's third grade class.

Angie will celebrate her third birthday next week on Feb. 18.

The favorite family activity of the Segedys is bowling, and Robert also enjoys playing golf.

* * *

JAN AND D.A. Drachenberg, Brett and Matt, were weekend visitors in the home of Larry and Yvonda Stokes. The Drachenbergs are from Wichita, Kan., where D.A. is an engineer with Beech Aircraft. Jan is the area representative for Christian Women's Club in the Wichita area.

* * *

JERRY AND CLARA McMennamy, Lynn, Carrie and Crissie, are enjoying their new home at Lake Tanglewood. The McMennamys formerly lived on Gary Lane and their new address is 418 Dana Lane on the south shore of Lake Tanglewood.

* * *

JERRY AND PAT Kelley are new residents of the Gene Howe area, having recently bought the McMennamy's former home at 4408 Gary Lane.

The Kelleys have two daughters; Tiffany is eight years old and is in Gerry Woodward's third grade class, and Kelli is ten months old.

Jerry and Pat are both originally from Amarillo. Jerry is assistant manager of West Texas Magazine Distributors.

* * *

PAMELA KAY FORREST and Kelly Thomas Baker were married last Friday evening in Lake Tanglewood Community Church.

Pamela is the daughter of Mr. and Mrs. Bedford Forrest, and the granddaughter of Mr. and Mrs. Leo Forrest of Lake Tanglewood. Mr. and Mrs. William F. Baker of Amarillo are parents of the groom.

Debbie and Kendall Smith, the children of Wayne and Bonnie Smith, were members of the wedding party. Debbie served as candlelighter and Kendall was the ringbearer. They are both cousins of the bride.

Following the wedding, about 70 relatives and guests attended a buffet dinner at the home of Leo and Elizabeth Forrest.

WINFRED H. AND Theda Gattis had a special reason to be concerned about the news of recent earthquakes in Guatemala. Their daughter Carole (Mrs. Gordon) Darrow and her family are residents of Aquacatan, Huehuetanango in Guatemala.

Carole reported to her parents, by telephone, that their home was unharmed by the earthquakes, but that many of the homes in their village were damaged or destroyed.

The Darrows have lived in Guatemala for four years. Gordon Darrow is engaged in field research as part of his Doctorate degree work in anthropology. Gordon formerly taught at the University of the Valley in Guatemala.

Mr. and Mrs. Gattis last talked to their daughter on Wednesday. Carole and her children, Anya and Kristin, were able to gain passage to Mexico and were preparing to fly to Amarillo.

Gordon will be attempting to return to Guatemala from Mexico. However, he expects to have some trouble in crossing the border, since the country is now under Marshal Law.

Carole and her daughters will be staying with her parents at their Lake Tanglewood home for an indefinite time until order is restored to the Central American country.

* * *

LAKE TANGLEWOOD "TIDBITS": The volunteer fire department held their meeting on Tuesday at the Village Hall. The residents of Lake Tanglewood who serve on the fire department meet each month to study first aid procedures and practice fire fighting methods.

Thelma Lofgren, Secretary-Treasurer of Lake Tanglewood, reports that a record amount of $891,550 was spent in home building at the lake in 1975.

Lake Tanglewood residents will not have a voting booth at the lake for the Feb. 17 Bond Election, but will be able to vote at Gene Howe School.

* * *

SHERRY AND JAY Merritt, along with a large group from this area, enjoyed a recent ski trip to Taos, N.M. The group went to Taos by chartered bus and stayed in condominiums by the slopes.

The Merritts are planning a ski trip for the whole family to Red River within the next couple of weeks.

Sherry also tells me that they will soon be moving to Woodward, Okla., where Jay has been promoted to district manager of the Wire Line Division of The Western Company.

Melissa and Chad Merritt are both students at Gene Howe.

THE 6TH GRADE Boys basketball team defeated a team from Belmar School last Friday night. The final score was 27-19. The boys are undefeated in league play, and a lot of it is due to the expert coaching of Royal Yarbrough.

Royal spends a lot of time and effort with the team, which is especially commendable, considering that he doesn't even have a son on the team.

* * *

A TOWN HALL Meeting will be held at Gene Howe School on Thursday, Feb. 12. All aspects of the upcoming School Bond Election will be discussed and all questions will be answered.

The meeting will begin at 7:30, and everyone is invited and urged to attend.

* * *

THIS IS MY last chance to remind you — please be sure to vote in the Bond Election on Tuesday, Feb. 17!

Traffic citations are up; criminal arrests decline

The number of traffic citations issued in January by Canyon police increased sharply over the number issued the month before.

Traffic citations for January totaled 367, with 193 of the tickets issued for speeding. In December, city police issued 260 traffic tickets and during January, 1975, only 215 traffic citations were issued.

Police have heavily patrolled city streets recently, particularly 23rd Street.

The number of traffic arrests were contained in the monthly reports compiled by the police department.

According to the reports, the number of criminal offenses during the month rose 14 percent over the same period last year while criminal arrests dropped six percent. The number of animals apprehended declined by 22 percent.

A total of 49 criminal offenses were reported during January, compared to 43 reported last year. None of the offenses were catagorized as major crimes, such as murder, rape, or manslaughter.

Last month, one aggravated assault was reported to police. Burglaries, which include thefts of CBs from autos, increased from three in December to seven in January but larcenies declined from 15 in December to three last month.

Vandalism was also down, with four cases being reported in January compared to seven in December. There were ten drug related offenses investigated compared to one the month before and nine DWIs, also compared to one in December.

Police made 33 arrests in January for criminal offenses. Included were one for aggravated assault, one for forgery, one for vandalism and ten for drug violations. There were no arrests for theft or burglary.

The animal warden picked up a total of 49 animals. Of these, 20 were redeemed by their owners, 23 were destroyed and six are listed as other.

Fines collected in municipal court amounted to $3,546. This included $150 for dog fines, $207 for misdemeanor fines and $2,711 for traffic citations. State tax amounted to $477.50.

Honors program planned at WTSU

Students at West Texas State University may participate in a university-wide honors program beginning in the fall semester of 1976, according to Dr. Theodore Freidell, dean of the College of Arts and Sciences.

The program, which was approved at the Board of Regents meeting last week, will be administered by the dean and an honors committee.

Classes designated for honors will include courses in English, American history, state and local government and an advanced honors program in arts and sciences.

The honors course in state and local government will be offered next fall in addition to one colloquia or seminar class. "The colloquia are made up of 25 or fewer students," Dr. Freidell said.

English literature honors courses and one or two colloquia will be added to the program for the spring semester of 1977 and other courses will be offered during successive semesters.

Colloquim will cover such topics as Images of the Future, Approaches to Knowledge, Frontiers of Science and Technology, Comparative Value Systems Contemporary World Through Literature and Quest for the Public Interest.

Students will be admitted to the program on the basis of high school grades, American College Testing or Scholastic Aptitude Testing scores, academic performance in college-level courses and general academic promise and interest, Dr. Freidell said.

After completing 15 semester hours of honors courses with a minimum grade average of B for such courses and an overall gradepoint of 3.25 on a four point system, a student earning a degree at WTSU will receive a certificate of recognition and "completed honors program" on his transcript.

The 15 semester hours may include a departmental senior honors course and three colloquia.

"The brand new program won't replace the departmental honors program we now have. The departmental program includes the completion of an honors seminar in a specific subject," Dr. Freidell explained.

Students in the honors program will read more than regular classes, do individual papers and participate in more discussions, he said. "The level and material of the program is geared to the more talented class."

Interested high school students may call or write Dr. Freidell at 656-3583 or write to the Dean of the College of Arts and Sciences, West Texas State University, Canyon, Texas, 79016.

Application forms will be available near the middle of February.

Graveside rites for Johnson at Dreamland today

Graveside rites for Wess B. Johnson, 57, will be conducted at 2 p.m. today at Dreamland Cemetery with Bob Crass, minister of the University Church of Christ, officiating.

A resident of Lake View, Calif., Mr. Johnson died at the Veteran's Hospital in Sepulveda, Calif. He was a retired electrician and veteran of World War II. He was born in Oklahoma.

He is survived by three brothers, Recil Johnson of Canyon, Jim Johnson of Tujunga, Calif. and Bill Johnson of Scappoose, Oregon; and one sister, Mrs. Della Mae Northcutt of Mead, Oklahoma.

Local arrangements were handled by Schooler-Gordon Funeral Directors.

New hours for library

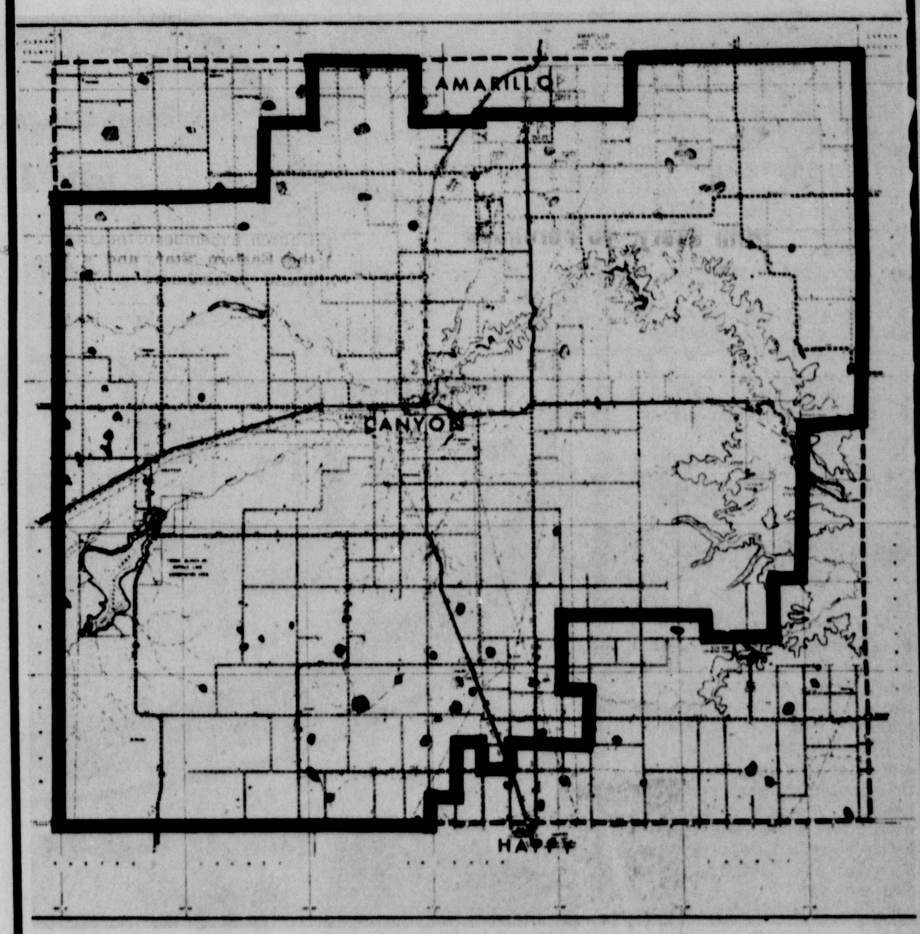
A change in library hours beginning March 1 will open the new library one morning and one night a week.

New hours approved by the city this week will operate for a trial period to test public use of the library, Mary Huntington, librarian, said.

Hours will be:
Monday — 3:30 to 8 p.m.
Tuesday, Thursday and Friday — 1 to 5:30 p.m.
Wednesday — 10-5:30 p.m.
Saturday — 9 to noon.

Until March 1, the library will be open as usual from 1 to 5:50 weekdays and 9 to noon on Saturday.

CANYON ISD HOW BIG?



IT'S 713 SQUARE MILES from Amarillo to Happy; from Claude to Umbarger. Canyon buses travel 2,040 miles each day. That costs Canyon ISD $916.71 per day or $165,008.00 per year.

SAVINGS ON BUSING CAN BUILD OUR SCHOOLS. HOW? If new schools are built now, busing would be reduced 37%. With a student inflation rate of 15%, more than $3 million can be saved in 20 years — almost enough to pay for the two proposed schools.

WHY NOT BUILD IN CANYON? Canyon ISD would be out the cost of increased transportation **plus** the cost of new schools — we can't wish away the need for schools — because the projected school growth in the district is 210 students each year.

BEFORE YOU VOTE CHECK THE FACTS. Contact your school officials as to what we will get for our money. Check with tax officials. Base your vote on fact not rumor.

Some days hard to tell if it's winter or summer

By DORIS McKEE

WELL HERE IT is another week speeding by and us sitting wondering just where it went. I have been truly digging for news this week, but not much going on around this place. It is very hard to tell if it is summer or winter some of these days. Now Sunday was a most beautiful day, and I truly hope everyone really enjoyed it.

TALKED TO JO Fulkerson and learned that she and Tom have a new granddaughter. Her name is Jena Weber and she was born at 10:30 p.m. on Feb. 2. She weighed 6 lbs. 9 ozs. Her parents are Jeri and Ken Weber of Colorado Springs, Colo. Jeri is Jo and Tom's daughter. We would like very much to say congratulations to both the parents and the grandparents.

* * *

THERE IS A new arrival around the park. Seems the Burgan household is beaming with the arrival of a baby boy on Feb. 6th, at 8:22 a.m. in the Palo Duro Hospital. John Houston Burgan weighed in at 9 lbs. and 3¼ ozs. and was 21½ inches long.

The proud parents are Kathy and Ira Burgan. They have three daughters, Kira, Tina and Lisa who are very excited about the new baby boy. Our congratulations go to the Burgan family.

* * *

WAS TALKING TO Jean Mayfield at the beauty shop last week and learned of her good fortune. Seems she was very lucky at playing the bonus game at Taylor and Sons in Canyon recently. She won $350.00.

Just in case any of you have any ideas, I have already asked for a loan, and she told me it was already spent. Oh well, so much for that.

* * *

WOULD LIKE TO say happy birthday to Robert Whirley. Sorry it's a little late but sometimes I get a little behind. Robert's birthday was Feb. 2. He is the son of Frances and Red Whirley.

MONDAY NIGHT FEB. 9 several families from Siesta attended the 1976 Variety Show at Gene Howe School. It was a very good program put on by a lot of very talented persons.

Over $400 worth of tickets were sold. The money will go to purchase some new playground equipment. If you didn't see the program then you sure did miss out on a good thing.

* * *

TUESDAY NIGHT FEB. 10, Pat and Tex Reed went over to Country Estates to have dinner with Pearl and Dale West. It was a kind of special occasion. Believe it or not Pearl was celebrating her 39th birthday one more time.

* * *

TALKED TO CHERI Earles Monday afternoon. She and Billy and the kids went to Lefors over the weekend. They visited with both sets of parents, Mr. and Mrs. Earl Tarbet, Cheri's folks, and Mr. and Mrs. W.B. Earles, Billy's folks.

On Sunday, Cheri cooked a birthday dinner for her mother-in-law Mrs. W.B. Earles.

Also learned that Billy's brother, David Earles is living with Billy and Cheri for a while. He is just out of the Army and is a freshman at West Texas.

* * *

BETTY AND EARL Hunt have had Betty's brother, John, from Omaha, Neb., visiting for several days.

SEEMS THE ROOM the Rinnes are adding on is really going up. At the rate they have been going it won't be too long before they can sit down and rest while they watch the logs burn in the fireplace.

* * *

THE BOY SCOUTS met Thursday night, Feb. 5 at 7 p.m. in the recreation room. They played some games, tied some knots and discussed their upcoming cleanup day. It will take place some time this month.

* * *

CALLED RAYLENE QUALLS to see how things were around their place. She said she was doing okay since her surgery, except that she was pretty tired from taking care of the rest of the family.

Paul Sr. was in High Plains Baptist Hospital for a couple of days for some tests. He is out now and doing okay.

Then Guy came down with pneumonia and required lots of extra care.

Jamie and Paul Jr. didn't want to be left out so they both came down with severe sore throats.

Raylene said it appears that everyone is really on the mend now and hopefully things will get back to normal around their place. She did say that Jamie is walking all over now and she isn't sure if that is really good or bad.

* * *

I SINCERELY HOPE that each and every voter has taken the time to check out just what the CISD needs are for the future of the children. If you still have questions please take the time to try and find out the answers before you go to the polls. It is most important that every registered voter go to the polls on Tuesday Feb. 17 and cast their vote. Our children need every consideration in having the place, room and opportunity to get the very best education possible.

See you at the polls next Tuesday. If for some reason you may not or will not be in town on that day then please go to the school office in Canyon and vote absentee.

* * *

GUESS IT IS time for me to sign off for this week but will be back next week if the creek don't rise, so Keep on Reading.

Thought for this week: "It's just as easy to say yes as it is no, it only takes one letter more."

See Ya.

Valentine ball and coronation slated Saturday

Beta Sigma Phi sorority will be conducting a Valentine Ball Saturday evening at the KA Lodge, south of the city, with all four local chapters involved.

The Valentine Ball is open to the public with tickets selling at $6 individual or $12 for a couple including table favors, set ups and light refreshments.

Coronation rites for the queen and princess of the Alpha Theta Delta, Preceptor Gamma Chi, Chi Upsilon and Xi Kappa Zeta sorority chapters will begin at 8:30 p.m.

A dance featuring music by the Young Country Sounds begins at 9 p.m. A portion of proceeds from the evening will go toward the Beta Sigma Phi Scholarship which is awarded each spring to a Canyon High School graduate.

Sammons honored with supper fete

A supper party welcoming Paul Sammons as the assistant county agent for Randall County was held Saturday evening at the Canyon Community Center with approximately 75 in attendance.

The supper was followed with recreation for county 4-Hers and their parents. Sammons joins John Brazzil and Becky Hall, county extension agents, and will be serving from the agent offices at the Randall County Courthouse.

Special guests for the supper party included Sammons parents, Mr. and Mrs. Jim Sammons of Waxahachie, Tex., and county commissioner, John Fulgenzi, and his wife.

Four attend district meet

Four representatives of Lucius Penick Post No. 5681 Veterans of Foreign Wars and the local Auxiliary were in attendance at the recent District 13 convention in Childress.

Representing the local post were Chaplain Emerson Haraden and Russell Cumby.

Representing the local auxiliary were Hazel Cumby, president, and Dorothy Gaulden, local member, and District 13 Auxiliary president.

Sweetheart fete planned Friday

Sweetheart supper for the members of Faculty Wives, Etc. and their spouses will be held Friday evening in fellowship hall of the First Presbyterian Church of Canyon.

The supper, which begins at 7:30 p.m., will feature gourmet food being prepared by the members' husbands under the leadership of supper chairman, Fred Stoker. Other husbands on the meal committee include George Asquith, Frank Daugherty, Ples Harper, Frank Heflin, David LaBrie, A.J. Luquette, Fred Rathjen, John Reeves and Bob Sawvell.
